## Discussion Topics

The 2017 IAMSLIC meeting is scheduled to be held in the Cyamus region!

- Sally Taylor has expressed interest on behalf of UBC
- Any other interested parties?
  - Please note that proposals are due to the Exec Board by the end of April
    - If you are interested, you probably want to give it some thought and attention before the Cyamus meeting
  - Sample proposals and other info available here:  
<http://www.iamslc.org/people/committees-taskforces/conference-site-selection>

Fostering student interest in Cyamus and IAMSLIC

- Set up scholarship fund?
- Hold local events?
- Revisit shared internship program (as batted around last year)?

Depositing Data Sets in Aquatic Commons

Discussion of Database design platforms (re: Janet L.'s project)

The retirement issue...

Perspective on IAMSLIC- what does it mean/do for members?

Joan would like to demo Fedora depository
