

## **Cyamus Annual Report 2015-16**

### **Membership Status**

Our membership has held steady since 2014-2015 with 45 primary members plus an additional 5 members. Members are from British Columbia in Canada; Hawaii, Alaska, Washington, Oregon, California, and Idaho in the United States; Mexico; and Iran.

### **Cyamus Officers**

We welcome our new and continuing Cyamus Officers and thank them for their service. The officers will assume their positions at the end of the 2016 IAMSLLC conference:

- Cyamus Representative - Maureen Nolan, University of Washington
- Cyamus Secretary - Amanda Whitmire, Stanford's Hopkins Marine Station
- Cyamus Treasurer - Molly Engelbrecht, UC Davis Bodega Marine Laboratory

Molly Engelbrecht will be starting her third term as Treasurer and we thank her for many years of service, providing continuity on the Cyamus Board, and supporting the outgoing Cyamus Representative with conference support and performing additional duties when Cyamus no longer had an active Secretary.

A big thank you for Sally Taylor for coordinating the nominations and voting this year! And Sally Taylor and Steve Watkins for updating the Cyamus website: <http://www.iamsllc.org/cyamus/>.

### **Annual Meeting**

The 2016 meeting was held March 2-5 at Cal Poly State University, San Luis Obispo, California and hosted by Jeanine Scaramozzino. The conference, "Bringing It All Back Home: Reprints to Networked Data," included a number of presentations by Cal Poly faculty and staff as well as Cyamus members.

Russ White, Data and GIS Specialist, Cal Poly, gave two talks on sharing data and data visualization techniques. Member presentations included *Public Access to Research Results*, Alan Allwardt, USGS Pacific Coastal and Marine Science Center and *Using 'Evidence' to Select ebooks: a new acquisitions model at UBC*

*Library*, Sally Taylor, UBC Woodward Library; and a facilitated discussion on data and technology by Amanda Whitmire, Hopkins Marine Station.

The conference was very productive and lively. The group adopted an updated logo designed by a Cal Poly graphic communications student. We discussed updating the Cyamus Board Member Duties, and the final descriptions were adopted via email in June.

The 2017 Cyamus Annual meeting will be hosted by Barbra Butler 3/30-4/2 at University of Oregon's Oregon Institute of Marine Biology (OIMB) in Charleston, Oregon. The conference website is under construction and will be live early next year at [cyamus2017.pbworks.com](http://cyamus2017.pbworks.com).
